

SSR Policy

Annual Meeting Award Papers

Purpose:

This policy governs the selection of “Best Paper Awards” at the Society Annual Scientific Meeting.

Policy:

The Program Committee will select two “Award Papers” from those presented at the annual scientific meeting. One award paper will be presented at the Annual Scientific Meeting of the Radiological Society of North America (RSNA), and the other, at the International Skeletal Society (ISS) Radiology Refresher Course.

Papers will be selected by the Program Committee on the basis of clinical importance and scientific merit. Authors of the award winning papers will be notified immediately following the meeting by the Program Committee Chair.

Each award is accompanied by a total travel stipend as specified by the Executive Committee and noted in the Award notification letter. The current stipend for travel within North America is \$1500.00, and for international travel, \$2500.00. Requests for travel expense reimbursement must be submitted in accordance with the Society *Travel Expense Reimbursement Policy*, not later than 60 days following completion of travel.
