

SSR Policy

Presentation of Previously Presented Material at the Annual Meeting

Purpose:

This policy defines the Society's guidelines for the presentation of papers at the SSR Annual Meeting that have been previously presented at other professional meetings.

Policy:

The Program Committee will consider all submitted papers including papers that have been presented at prior meetings such as RSNA or ARRS. Papers will be selected by the Program Committee on the basis of clinical importance and scientific merit.

Presenters planning to use material presented at the SSR Annual Meeting at other society meetings are advised to review each Society's policy on previously presented material.
